Wisconsin Girls Collaborative Project “Kick-off” Conference

October 10, 2009, 9 a.m. – 3 p.m.

Northcentral Technical College, Wausau, WI. (Room E101/102)

For a map and directions see www.ntc.edu/maps/index.htm

Who Should Attend?

- Girl-serving community-based organizations
- Professional educators (K-12 & Post-secondary)
- Program managers
- School counselors
- Industry leaders in STEM
- Professional organizations serving members in STEM careers

Why Attend?

This project, funded by the National Science Foundation and administered by the Great Lakes Girls Collaborative, offers the chance for schools and organizations committed to informing and motivating girls to pursue classes and careers in science, technology, engineering, math and the skilled trades (STEM) to come together to share best practices, develop new collaborations, share resources and learn about new mini-grant opportunities. The successful career transition of students and the economic future of Wisconsin are tied to increased participation of all students in careers that rely on STEM skills and competencies.
